Mr. Joe Dugas
KBBC
195 Forrest Dr.
Fombell PA 16123

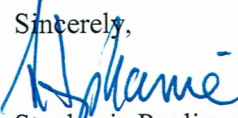

Dear Joe and KBBC Members:

You never cease to amaze us! On behalf of Make-A-Wish Greater Pennsylvania and West Virginia, I want to thank you for your generous donation of \$2640.00, proceeds from your ongoing fishing tournaments, which we received on December 28, 2016. We are proud to recognize KBBC as a Wishpartner on our website donor list and our annual report. To show our appreciation we have enclosed a Wishpartner certificate. At Make-A-Wish, it is our goal to reach every child living with a life-threatening medical condition and help them to see beyond their illness and focus on better days. We do this by offering them a chance to use their imagination to express their heartfelt wish, and then do everything we can to make their dream a reality.

We are thrilled that KBBC will be helping to fund the wish of a child like this young boy from Daisytown, PA, whose parents have requested that we do not share his name at this time. He has been diagnosed with Hodgkin's Lymphoma- a cancer that starts in your white blood cells and compromises your body's ability to fight infection. However, this disease does not stop him from being a passionate and adventurous 15- year- old. His interests range from green grassy fields playing baseball to white icy rinks playing hockey. He also really likes watching Spongebob, a cartoon character who lives under the sea! However, his favorite activity by far is fishing. So when asked what he wanted for his wish, he answered "a fishing trip to Alaska!"

This coming summer he alongside his dad and brother will be going on an all boys fishing trip approximately 4,000 miles away from home. He and his he family will be able to enjoy the scenic views of Alaska while fishing which will be a delightful break from the routine hospital visits. His trip is only a few shorts months away and it is sure going to be an exciting and memorable one.

Thank you for your support of the Make-A-Wish mission and for helping this child on his life's journey.

Sincerely,

Stephanie Pugliese
Director of Development

Your efforts are so appreciated!
